

# OSO SLIP ON STOP COLLAR

## ENGINEERING SOLUTIONS FOR LESS CHALLENGING WELLS

OSO slip on stop collars are developed for use in less challenging wells as a method of securing centralizers on to the pipe and support primary cementing.

OSO slip on stop collars are heat treated for strength  
Set screw design provides high holding forces without excessive marring of wellbore tubulars.

## CENTRALIZERS

OSO stop collars are developed as counterparts to Centek's Level 2 range of centralizers for less challenging wellbore sections.

## FEATURES AND BENEFITS

- API 10D-2 recommended practice compliant
- Anti-vibration screw retention
- For use with standard casing grades

## TARGET APPLICATIONS

- Less demanding well conditions

## PERFORMANCE RATINGS
